Membership FAQs

How do I add guests to my court reservation? When you register for an event you can add “players” or guests. If you are playing with other members, add them as players. If you are playing with and paying for a visitor, the fee is \$10. You can add them as a guest.

I’m a limited member and want to invite other members to play on a court I reserve. How does that work? The limited member who reserves the court will pay the court reservation fee of \$16/hr. If the “guests ” playing on the court are premium members they pay \$0, limited members pay \$5 (for 2 hours) and visitors pay \$10 (for 2 hours).

What level is open play? Open Play is a mix of all levels but the majority are Intermediate and up. We do offer Beginner/Low Intermediate Open Play a couple of times a week and will add more if they keep filling up!

What if a visitor signs up for an event and then stays for open play or another event? They pay for each event...open play \$10, round robin \$10, LIVEBALL on Friday evening \$10, etc. If someone pays and plays in Liveball and then stays for open play it is another \$10.
